

Troy Rivers
12877 Coronado Street, #27
Freeport, Texas 77541
912-980-2207
troyrivers@gmail.com

Born in Scottsdale, Arizona in 1962.

Received a B.S. Degree in Marketing/Communications from Northern Arizona University in 1986.

In 1992, joined the Military U.S.A. and retired from the U.S. Army in 2015. My deployments were from 6 months to 15 months in length which included: 3 to Iraq (Middle East), 2 to Bosnia (Southeast Europe), 1 to Kosovo (Southeast Europe) and 1 to Egypt (Northeast Africa).

During this time also I had three sons who all still reside in Arizona.

In 2015, retired to Northpole, Alaska and pursued my interest in refurbishing and flipping houses. While in Alaska, I enjoyed volunteering with Paws for Purple Hearts training service dogs for service members located in Fairbanks.

In 2020, moved to Surfside Beach, Texas. In 2021, moved to Treasure Island where I reside full-time while remodeling my house.

Volunteering and helping others give me a lot of joy. I believe the life skills of hard work, patience and listening, trials and errors, that I have gathered along my journey will bring a great deal to this TIMUD Board.

One personal interest and goal of mine since moving to Treasure Island is the water pipeline from Galveston, Texas over the San Luis Pass Bridge. It appears to have never been weatherproofed or protected from the freezing weather we seem to be getting more of. The pipe is my main focus. I would like to be a part of its improvement by diligently working on getting a plan in place, the project started and overseeing it with the problems and triumphs that will arise through to a completed goal of better water flow for our community.

Qualifications I bring to TIMUD Board Seat #5 are budgets, scheduling, cost negotiations and creative ideas. I tend to look outside the box for good solutions.

My values include high morals, respect for my fellow neighbors, hard work, preserving the integrity of our community along with being honest and helpful. I strive to make our community better with an optimistic personality, always easygoing and an approachable demeanor. Some of my interests are fishing, relaxing, home improvements, real estate investing and most importantly walking along our beautiful beach at sunrise or sunset, both are stunning.
